

ALUMNI

The Moraine Park Alumni Association creates opportunities to *connect* alumni, *engage* students, and *inspire* others.

Moraine Park Technical College has been graduating technically skilled students since it first opened its doors in 1912. Our graduates are vital to the economic development of the Moraine Park District. Each year nearly 1,500 become alumni prepared to enter the workforce and become leaders in their fields!

We encourage all alumni to continue their association with Moraine Park Technical College through alumni activities, college service involvement, continuing education and just visiting any of our three campuses to see what's happening!
