

ONLINE EDUCATION OPPORTUNITIES

Online Learning

At Moraine Park Technical College, we know today's students need flexibility when pursuing a high-quality education. Many of our students raise families, work part- or full-time jobs, and/or serve in the military – in addition to taking online classes. With that in mind, we created online courses that work with your busy schedule.

Whether you're preparing for a new career or eager to climb the ladder in your existing industry, with online learning at Moraine Park, the world is your classroom. View **Online Programs** (<https://www.morainepark.edu/academics/online-learning/>) or search for "online" at **College Catalog Programs** (<https://catalog.morainepark.edu/program-information/programs/>).

Distance Education Conducted Across State Lines

Moraine Park Technical College participates in the State Authorization Reciprocity Agreement (SARA). As a member of SARA, any current or former student of a distance education program offered by Moraine Park Technical College may file a complaint with Wisconsin's Distance Learning Authorization Board (DLAB) for Moraine Park Technical College distance education activity conducted across state lines under specific and limited circumstances. For more information on the types of complaints and process to file a complaint, refer to the **DLAB Student Complaint Process** (<http://www.heab.state.wi.us/dlab/students.html>).

SARA membership does not grant reciprocity or exempt us from state professional licensing requirements. Moraine Park Technical College offers programs designed to meet the educational requirements leading to licensure or certification that may be required for employment in certain professions. See **Professional Licensure and Certification Disclosure** (<https://catalog.morainepark.edu/program-information/professional-licensure/>) for more details.
