

VIDEO, ANIMATION, AND MOTION GRAPHIC DESIGN

Program Number: 10-206-4

Associate of Applied Science Degree

Campus: Fond du Lac, West Bend

This program is eligible for financial aid (<http://www.morainepark.edu/financial-aid/>)

Showcase your artistic talents and tell stories through your artwork with the two-year Video, Animation, and Motion Graphic Design degree.

About the Program

The Video, Animation, and Motion Graphic Design program at Moraine Park gives students creative control to produce a variety of unique animations and graphics. Have you ever wondered how virtual worlds or applications on touch-screen kiosks are created? You'll get to learn the process while earning an associate degree.

What You'll Learn

Students gain hands-on experience designing and manipulating animations, sound, text and video into multimedia presentations. These presentations can be used in developing products or creating business presentations. Graduates are well-versed in creating animated and live videos, commercials, digital signage and other media for the web.

Transfer Opportunities

Your academic journey can continue at a four-year college or university. Earn your associate degree at Moraine Park and then apply those credits toward a bachelor's degree. Starting at MPTC makes completing a bachelor's degree **affordable, accessible** and **convenient**. You can go anywhere as MPTC has transfer agreements with colleges and universities both in Wisconsin and throughout the country.

Visit the Transfer to a Four-Year College (<https://www.morainepark.edu/transfer-to-a-four-year-college/>) page for more information on credit transfer agreements between Moraine Park and four-year colleges, both public and private.

Additional Information

Students must own or purchase an approved laptop and software.
