

ABC CARPENTRY APPRENTICESHIP

Program Number: 50-410-9

Apprenticeship

Campus: West Bend

This program is **not** eligible for financial aid

Receive on-the-job training and master your craft alongside skilled carpenters with the ABC Carpentry Apprenticeship program at Moraine Park Technical College.

About the Program

Prepare for an active and diverse carpentry career with MPTC's apprenticeship program. Apprentices gain hands-on classroom instruction and on-the-job training to learn carpentry skills in both indoor and outdoor settings. During the apprenticeship program, participants work alongside journeyman carpenters on residential, commercial and industrial projects.

What You'll Learn

Apprentices learn the basics of construction safety, how to read blueprints, and receive an introduction to green and sustainable energy conservation practices. A carpenter's work is strenuous and physically demanding. Common tasks include concrete forming as well as wood and metal framing of structures. Prolonged standing, climbing and squatting are often necessary.

Approximate Costs

Tuition

Occupational

- \$152.85 per credit (resident)
- \$229.28 per credit (out-of-state resident)

Associate of Arts/Associate of Science

- \$192.20 per credit (resident)
- \$288.30 per credit (out-of-state resident)

Online students are not charged out-of-state fees.

Student Fees

- \$5.00 minimum per course Material Fee
- \$13.76 per-credit Supplemental Fee for Undergraduate courses
- \$4.50 per term mandatory Student Accident Insurance Fee

Please refer to Tuition & Fee Information (<https://catalog.morainepark.edu/admissions-registration/tuition-fee-information/>) for additional enrollment fee information.

Training Period

The apprenticeship consists of four years of not less than 6,416 hours, in which a minimum of 576 hours is spent in paid-related classroom instruction and 120 hours of unpaid-related instruction. First aid, CPR and a 10-hour OSHA safety course are required during the first 12 months of the contract.

Working Conditions

A carpenter's work is active and sometimes strenuous. Prolonged standing, climbing and squatting are often necessary. Routine uses of safety equipment such as hard hats and safety goggles usually protect carpenters from the hazards of construction sites.

Tools and Equipment

Carpenters may need to purchase such tools as a hammer, rule, framing square, hand saw and other hand tools. Construction companies usually provide the necessary power tools.

Course Requirements

Course	Title	Credits
Year 1		
410-531	ABC Carpentry 1	2
410-532	ABC Carpentry 2	2
Credits		4
Year 2		
410-533	ABC Carpentry 3	2
410-534	ABC Carpentry 4	2
Credits		4
Year 3		
410-535	ABC Carpentry 5	2
410-536	ABC Carpentry 6	2
Credits		4
Year 4		
410-537	ABC Carpentry 7	2
410-538	ABC Carpentry 8	2
Credits		4
Total Credits		16

Required state paid instruction hours = 576

This apprenticeship program requires Related Electives. Please contact your Apprenticeship Coordinator for courses.

Program Outcomes

- Explore trade options.
- Practice construction safety.
- Operate construction-related tools.
- Interpret blueprints to construct projects.
- Apply construction theory to related practices.
- Demonstrate measurement and layout practices.
- Identify construction materials and their applications.
- Investigate and incorporate green and sustainable energy conservation practices.

Career Opportunities

- Building Production Sales
- Cabinet Making
- Commercial Carpenter
- Construction Carpentry
- Estimator
- Furniture Maker
- Instructor
- Pile Driver
- Remodeler
- Residential Carpenter
- Retail Sales
- Supervisor
