

EARLY CHILDHOOD EDUCATOR APPRENTICESHIP

Program Number: 50-307-1

Apprenticeship

Campus: Fond du Lac, West Bend

This program is **not** eligible for financial aid

About the Program

The Early Childhood Educator apprenticeship program at Moraine Park prepares students for their journey as educators, setting the stage for graduates to work as teachers and caregivers. Apprentices gain hands-on classroom instruction and on-the-job training to learn how to become an early childhood educator. During the apprenticeship program, participants work alongside experienced educators to grow in their trade.

What You'll Learn

Students in the Early Childhood Educator apprenticeship learn to care for and educate children while playing a key role in children's development. Graduates will know how to maintain a clean and safe environment, as well as plan educational activities and assess child growth and progress. Graduates of the program are prepared to work with children from birth to 8-year age range and are well-prepared for a variety of Early Childhood Education jobs.

Additional Information
