

# GRAPHIC DESIGN

**Program Number:** 10-201-1

Associate of Applied Science Degree

**Campus:** Fond du Lac

This program is eligible for financial aid (<http://www.morainepark.edu/financial-aid/>)

Combine your passion for art and technology and turn it into a career with an associate degree in Graphic Design at Moraine Park Technical College.

## About the Program

Graphic design is art with a purpose. Students in the Graphic Design program combine art and creativity with computer skills to convey information in print, online or digital environments. Students learn to combine modern technologies with traditional design concepts, theories and techniques in a wide variety of design projects.

## What You'll Learn

Students in the Graphic Design associate degree program explore illustration, typography, electronic publication, social media video, digital photography and advertising. Students learn how to work with a client and experience the production process hands-on, from concept through completion.

Graduates of the program are proficient in design software, tools and technology.

In their final semester, graphic design students show off their favorite work to friends, family and prospective employers during the "Portfolio Showcase" event (<http://blog.morainepark.edu/tag/portfolio-showcase/>).

## Transfer Opportunities

Earn credits at MPTC and transfer to a four-year college to earn your bachelor's degree.

Visit the Transfer to a Four-Year College (<https://www.morainepark.edu/academics/transfer-information/transfer-to-a-four-year-college/>) page for more information on credit transfer agreements between Moraine Park and four-year colleges, both public and private.
