INFORMATION TECHNOLOGY - INFORMATION SECURITY CERTIFICATE

Program Number: 97-150-2
Certificate
Campus: Fond du Lac
This program is **not** eligible for financial aid

Develop skills in web security and add an IT credential to your resume after only four courses with the Information Technology - Information Security Certificate at Moraine Park Technical College.

About the Program

Build on your current career in IT, or propel your IT career forward with a certificate in Information Security. Students in the Information Technology – Information Security Certificate program focus on today's needs in internet security development.

What You'll Learn

With today's technology, web security is vital. Students in this certificate learn about implementation techniques to maintain information security. Graduates of this certificate gain skills to recognize, prevent and respond to network attacks. These students will also be able to use appropriate tools to respond to compromised networks and vulnerabilities. They are skilled in identifying intrusion methods, policy development, encryption and authentication. Curriculum aligns with Checkpoint Secure Academy.
