Paramedic Program with Outcomes

CAAHEP Accredited Paramedic Programs and CoAEMSP Letter of Review (LoR) Programs track and report outcome measures annually to the Committee on Accreditation for the Emergency Medical Services Professions (CoAEMSP).

- The most current CoAEMSP Annual Report was for the calendar year 2022. The most recent success rate for the National Registry of EMT Paramedic/State Cognitive exam was 75%.
- The most recent positive placement rate for graduates was 75%. Positive placement is defined by the CoAEMSP as 'Employed full or part-time in a related field and/or continuing his/her education and/or serving in the military'. Positive placement is measured at completion of the program.
- The most recent retention rate was 80%.

What You'll Learn

Paramedic students learn vital skills to perform advanced prehospital medical procedures. Incidents such as heart attacks, drownings, childbirth auto accidents and gunshot wounds require immediate attention—it's paramedics who can intervene in these instances and save lives. Students learn about advanced patient assessment, ambulance operations, and both medical and trauma related emergencies.

After completing this program, you must successfully pass the National Registry of Emergency Medical Technicians cognitive and psychomotor examinations to qualify for a Wisconsin Paramedic license.

Students accepted into the Paramedic program must complete health requirements and a criminal background check. Students must be either a licensed EMT or AEMT and maintain the licensure throughout the program.

The Paramedic program at Moraine Park is accredited by the Commission on Accreditation of Allied Health Education Programs (<http://www.caahep.org>) upon the recommendation of the Committee on Accreditation of the Educational Programs for Emergency Medical Services Professions (CoAEMSP).
