

VISUAL DESIGN FUNDAMENTALS

Program Number: 30-201-2

Technical Diploma

Campus: Fond du Lac, West Bend

This program is **not** eligible for financial aid

About the Program

This program provides students with the essential skills and knowledge to create compelling visual content using industry-standard software. Students will learn the fundamentals of digital image manipulation, graphic design principles, and vector-based illustration, enabling them to develop a versatile skill set applicable to a wide range of creative fields.

What You'll Learn

Students in this program gain hands-on experience in editing digital images, grasping key visual design principles, and cultivating creative thinking through hands-on projects. Graduates are equipped to produce versatile graphics suitable for a range of media platforms, from print to web and animation. Courses transfer directly into the Graphic Design (<https://catalog.morainepark.edu/programs/graphic-design/>) and Interactive Media Design (<https://catalog.morainepark.edu/programs/interactive-media-design/>) associate degrees.

Transfer Opportunities

Your academic journey can continue at a four-year college or university. Earn your associate degree at Moraine Park and then apply those credits toward a bachelor's degree. Starting at MPTC makes completing a bachelor's degree **affordable**, **accessible** and **convenient**. You can go anywhere as MPTC has transfer agreements with colleges and universities both in Wisconsin and throughout the country.

Visit the Transfer to a Four-Year College (<https://www.morainepark.edu/transfer-to-a-four-year-college/>) page for more information on credit transfer agreements between Moraine Park and four-year colleges, both public and private.
